### **DETAILED ACTION**

The following is an examiner's statement of reasons for allowance:

Claims 1-4 are allowable over the prior art of record because the prior art of record fails to teach or suggest that in the primary computer system, upon completing the first transaction, committing the first transaction before initiating a lockstep transaction that updates a second file in the primary computer system, as detailed in independent claim 1.

Claims 5-10 are allowable over the prior art of record because the prior art of record fails to teach or suggest wherein the backup computer system includes mechanism for safely storing the lockstep audit record...the safe audit trail position corresponds to a lockstep transaction that is currently active, as detailed in independent claim 5.

Claims 11-14 are allowable over the prior art of record because the prior art of record fails to teach or suggest that storing an audit trail position of the first update in the pre-defined data structure upon encountering...and when the lockstep gateway transaction identifier...matches the lockstep audit transaction identifier (LockStep\_Audit\_TID), as detailed in independent claim 11.

Claims 15-17 are allowable over the prior art of record because the prior art of record fails to teach or suggest that wherein the backup computer system is configured to transmit the extractor a safe position...when the safe position is equal to or higher than the audit trail position stored in the pre-defined data structure, as detailed in independent claim 15.

Claims 18-24 are allowable over the prior art of record because the prior art of record fails to teach or suggest that the extractor configured to store an audit trail position of the first update in the pre-defined data structure...matches the lockstep audit transaction identifier (LockStep\_Audit\_TID), as detailed in independent claim 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
